BOSTON GUIDE

Essential Information

The capital of the state of Massachusetts is not a huge city – but it is certainly packed with sights. Boston was founded in 1630 by the Pilgrims and played host to the famous Boston Tea Party. The history of the city now reflects in its sights. The Freedom Trail maps them all out for tourists and is a great way to learn about the history of the USA. The grand European-style architecture only further emphasizes Boston’s historical roots.

However, Boston is definitely not stuck in the past; it is one of the most progressive cities in the States, both in terms of politics and urban planning. Its rich cultural heritage lives on in local art and literary works. Boston’s two world-famous educational institutions located in the nearby city of Cambridge, Harvard and MIT, reinforce this trend. And there is much to entertain children too in this old-yet-modern city; the Museum of Science and New England Aquarium make that near-impossible.

Money

Currency: United States dollar, $1 = 100 cents.

You can exchange your currency at the airport or exchange offices, which are abundant in the city. Banks fees aren’t always convenient and Boston banks are not so reliable when it comes to money exchange. You can also simply withdraw money from the ATMs if you want to save yourself the trouble of going to a bank or exchange office. ATMs are abundant in Boston, so you’ll have no trouble finding them, but be aware of any withdrawal fees.

Most establishments also accept credit or debit cards and traveler’s checks; however, it is best to always carry at least a small amount of cash around, since not all places accept them. Always check for the compatibility of your credit card when coming to visit from outside the US.

Tipping

Tipping is customary in Boston. Generally, tip waiters, cab drivers and hairdressers around 15-20%. Other services, such as porters or bartenders usually get one or two dollars for their services. However, if the service you received was awful, leave just a few small coins. Tips are left on the table when paying with cash or they can be added to the total when paying with card. Some restaurants and other establishments also have tip jars near the counter.

Prices

- Meal, inexpensive restaurant – $12
- Meal for 2, mid-range restaurant, three-course – $55
- Big Mac combo meal – $6.50
- Bottle of water at supermarket – $2 (1.5 liters)
- Domestic beer (0.5 liter, draught) – $4.50
- Gasoline (1 liter) – $1
- Hostels (average price/night) – $30-50

- 4* hotel (average price/night) – $250 – 500
- Car-hire (medium-sized car/day) – $55
Electricity
The standard electricity supply in the USA is 120 volt – 60 Hz. The plugs have two vertical pins. Remember to bring an adapter or converter if you need it.

Languages
As expected, the major language in Boston is English. The city also has a large community of Chinese speakers. Spanish, as in all of the states, could always come in handy. But in general, it will be very hard to get by without a basic grasp of the English language.

Mobile Phones
There are many providers in the United States; only two of the most popular, AT&T and T-Mobile, use the GSM standard which is compatible with most phones from Europe. However, the frequencies of the North American GSM are different from the rest of the world and not all phones can handle them. Always double-check with your provider. The other American providers, such as Verizon or Virgin Mobile, use the CDMA standard which might not work with your mobile phone if you are coming from outside of the USA.

If you’d like to stay in touch while visiting Boston, you might consider renting a phone at the airport or getting yourself a local SIM card for much better rates, since roaming is expensive here. The international access code for the USA is +1; the area code for Boston is 617.

Internet
Boston is a well-connected city. Most hotels and hostels offer their own Wi-Fi connection for guests; always check if it’s included in the price of the room or not. Alternatively, you can visit an internet café or take your own device to one of the student cafés and take advantage of their free Wi-Fi.

The city council also provides free Wi-Fi connection (www.bostonfreewifi.org) in City Hall Plaza and Faneuil Hall Marketplace. Just connect to the network named ‘BostonWireless’. There are also other open hotspots in the city - check the Boston Wireless Advocacy Group (www.bostonwag.org) for details.

Opening Hours
The shops are generally open every day from around 9-10 a.m. until 7 p.m. Sunday opening hours are shorter. The malls and other large shops stay open until 9 p.m. Banks are open from 9 a.m. to 4-5 p.m. on weekdays, but some might even open on Saturday. Smaller shops and banks close for public holidays.

Museums and other sights are generally open from 9 a.m. to around 5 p.m. However, on some days, museums might stay open longer (until 9 p.m.) or not open at all. Always check the museum’s website, since the opening times are specific for each one. Museums in general also close on public holidays.
Public Transportation
The public transport in Boston is operated by Massachusetts Bay Transportation Authority (www.mbta.com) simply known as “the T” to locals. You pay for transport using CharlieTickets (paper) or a CharlieCard which is free to acquire and then can be charged with as much money as you want and entitles you to discounts. Alternatively, you can use the 1-day pass which costs $11 or the 7-day pass which costs $18. Children under 11 can ride the T for free.

Subway: there are four intersecting lines in total; each one assigned a different color. The green line splits into four and the red into two to cover different areas. Direction of the trains might be marked as “inbound” (towards the center) or “outbound” (away from the center). One ride costs either $2 (with the CharlieCard) or $2.50 (with a CharlieTicket). Keep in mind that neither the subway nor railway runs through the night - the last train leaves around midnight.

Bus: There are dozens of bus lines serving the city of Boston, and although bus transport might be slower than the subway, it can take you closer to your destination. The special Silver Line is faster, considered to be a part of the subway and has free transfers to the red subway line. One ride costs $1.50 (CharlieTicket) or $2 (CharlieCard).

Rail: The commuter rail is used for traveling outside of the city borders and some of the trains offer free Wi-Fi. One ride costs anything from $2 to $11.

Ferry: There are several lines that are useful for tourists and might be quicker than other modes of transport when visiting sights along the shore. The fare is $3 – $16 depending on your route.

Taxis
You can hail a cab at any major street corner or outside hotels. Be aware that Boston cabs are some of the most expensive in the States. The first mile costs $2.60, with each one after that costing $0.40. There are no flat taxi fares from or to the airport - so watch out for scams! Taxis might be your only way home if you miss the last subway train. Keep in mind that it’s difficult to catch a cab around 2 a.m. as this is when the bars close.

The seven authorized cab companies are:
- Top Cab, +1 617 266 4800
- Boston Cab Assoc., +1 617 536 3200
- I.T.O.A. Cab Assoc., +1 617 825 4000
- City Cab Assoc., +1 617 536 5100
- Metro Cab Assoc., +1 617 782 5500
- Tunnel Taxi, +1 617 567 2700
- 617TaxiCab Inc., +1 617 TAXI-CAB

Regional Transportation
The main airport is the Boston Logan International Airport (BOS), which is about two miles away from the city. It is served by public transport: the Blue and Silver lines.

Boston is well-served by Amtrak trains (www.amtrak.com) with three stations in total. The trains can take you all along the upper east coast.

Several bus companies serve the city of Boston, generally stopping at the South Station Bus Terminal (www.south-station.net) and make an efficient way to get to New York City.

Driving
- Speed limits in cities – 48 km/h (30 mph)
- Outside the cities – 80 km/h (50 mph)
- Interstates – 104 km/h (65 mph)
- Blood alcohol limit – 0.08 BAC
- Always wear a seatbelt in the front and back seats. Children younger than 8 or smaller than 57 inches must use booster seats. Children under 5 years old and 27 pounds must use child safety seats.
- Texting while driving is illegal. Calling is not forbidden.
- Drive on the right.

The driving conditions in Boston are legendary – and not in a good way. The Boston city center with its narrow roads, are one big bum of congested traffic, especially during rush hour. The local drivers aren’t known for respecting the driving rules, but rather making their own. All in all, public transport is definitely the best option for getting around Boston. If you arrive by car, consider leaving it on the city outskirts.

To rent a car, you need to be at least 18 years old, have a valid driving license and a major credit or debit card.

Walkability
Boston is generally a walkable city, especially when it comes to the old quarters. In fact, the oldest parts of the city are best explored by foot and the Freedom Trail was also made for walking. Navigating the older city parts might be challenging for those not used to the old European city layout. Some of the new suburbs and other parts of the city might not be so walkable, but chances are you won’t even get there unless you plan to travel off the beaten path. Don’t be surprised if you see people jaywalking – it’s a common practice in Boston, although technically illegal.
Since Boston is right by the sea, seafood (clams and lobsters) is a big thing here. The clam chowder is especially worth a try.

Baked beans are also one of the local specialties.

Boston, as with most cities in the States, is also home to numerous ethnic restaurants which serve their own specialties.

Union Oyster House is the oldest working restaurant in the United States.

As for drinks, there are several local breweries serving their own beer. There are also several local coffee shops which can rival the bigger establishments with their delicious coffees. The Greater Boston is also an important producer of wine.

**Legal Age**

The drinking age in Boston, as in the rest of the USA, is 21 years. The official State of Massachusetts' last call is at 2 a.m., however many bars close sooner than that – as early as 11 p.m.

Free Things To Do

- Visit the museums on their free days – check the respective websites for details.
- Learn some history by visiting the Bunker Hill Monument, Massachusetts State House, Old North Church or simply by walking the Freedom Trail (see the Tripomatic website for more info on the trail – http://www.tripomatic.com/United-States/Massachusetts/Boston/Freedom-Trail/).
- Fans of ships will want to visit the USS Constitution.
- Some breweries and wine shops often offer free tastings of their products.
- Visit the North End and Chinatown, the local ethnic communities, for a different spin on your Boston trip.
- Alternatively, visit the Beacon Hill historical quarter.
- Soak in the university atmosphere at Harvard Square.
- Visit one of the many Boston parks or the harbor for some fresh air. The Mount – Auburn Cemetery is also a peaceful place with beautiful stonework to marvel at.

Shopping

The local markets are a real treasure when it comes to souvenir-hunting in Boston. The local crafts and produce can all be found there, like candles, maple syrup and sweets. Fans of the Red Sox baseball team can get a plethora of memorabilia from their home city. You can also get Harvard and MIT memorabilia from the respective schools. The local museums and galleries often sell unique and artistic souvenirs.

DO try to visit at least some of the historical sights in Boston, even if you don’t like history much.
- DO expect a TV to be on in every establishment you enter if the Red Sox are playing.
- DO try to visit Cambridge – there is much more to see than just Harvard.
- DO be aware of Boston’s low temperatures in winter.
- DO NOT drive a car in Boston unless it’s absolutely necessary.
- DO NOT expect much nightlife in Boston even though it’s a university city.

Safety

Boston is generally safe, but you should take the common precautions – be aware of your surroundings and do not carry your wallet or money in back pockets. There are some neighborhoods, such as Roxbury or Dorchester, which have a higher crime rate and should be avoided after dark, and perhaps even during the day. Also avoid Boston Central and other parks after dark, if not attending an event.

When going clubbing, you might want to stay on the main streets since pickpockets and muggers are searching for easy targets near popular establishments. All should be well if you don’t wander off the main streets.

The tap water in Boston is safe to drink and is considered some of the best in the country.
